

Damage-free washing

You pick your outfits with extra care. We put extra care in the cleaning.

At Bosch, we understand that fashion is more than just clothing. It's a way to express our identity and therefore it always has to look the best. To keep looking the best it needs extra care that only a Bosch Top Load Washing Machines can deliver with every wash.

Variolnverter Motor | Powerful, silent and built to last

Energy efficient drive that works silently.

The Variolnverter motor is a powerful, durable and energy efficient drive system that provides optimum washing performance while also ensuring a long life for your clothes.

The motor is directly attached to the tub which helps to minimise friction. This makes washing more energy efficient with reduced noise levels.

As a mark of confidence in our state-of-the-art motor technology, it's backed with a 10 year warranty as well.

PowerWave Wash System

Perfect washing solution with the best German technology.

The PowerWave Wash System is a combination of the innovatively designed pulsator, dynamic water flow system and intelligent WaveDrum movement that gives you perfect wash results.

It not only ensures the up and down movement of the clothes, besides the round action, but also provides powerful water displacement for better movement of clothes to deliver the best wash results without compromising care for your clothes.

Intelligent WaveDrum movement

Dynamic Waterflow System

Innovative pulsator design

New age features

Soft Closing Lid

Lid shuts gently hence protects hand from unexpected injury and avoids any slam noise.

Toughened Glass

The see-through toughened glass lid is solid and strong to withstand heavy weight.

Delay Start

Gives the flexibility to start the appliance as per your convenience up to 24 hours.

Child Lock

Enables to lock all the keys to prevent setting from being changed by your child.

AirDry

Ensures superior drying efficiency.

Power-Off Memory

Resumes washing cycle from the point it stopped during a power failure.

Superior Aesthetics

6 colour option to fit your interiors. Simple and user friendly control panel for ease of use.

Magic Filter

Effectively gathers the lint and fluff so your laundry stays cleaner.

Level Indicator

Helps to keep your machine at an even level to avoid vibration.

Dual Dispenser

The flexibility to use liquid or powder detergents ensures good solubility of the detergent and provides better wash results.

SpeedPerfect

Reduces wash time by up to 20%* without compromising on wash results. Get more time to do the things you love.

One-Touch Start

Based on the load added, machine will automatically choose the right wash program at a press of a button.

Hot & Cold Water Inlet

Flexibility to choose between hot wash, cold wash or a customised warm wash in accordance to the material and colour of your clothing.

Low Water Pressure

Capable of working on low water pressure of 0.3 bar, making it ideal for places where water pressure is an issue.
